ENGINEERING PORTFOLIO

AJZALUDHEEN K

B.Tech Engineering Student | Aspiring Embedded Systems Engineer

Lovely Professional University Academic Year: 2026-2030

About me

I am a first-year student pursuing a Bachelor of Technology in Electronics and Communication Engineering (ECE) at Lovely Professional University. I am deeply interested in physical hardware, circuit architecture, VLSI design, microcontrollers, and bare-metal programming. My goal is to work as an Embedded Systems Engineer, developing low-level hardware solutions and innovative physical systems.

1. EDUCATION

- **Lovely Professional University (LPU), Punjab**
    - Program: B.Tech in Electronics and Communication Engineering (ECE)

    - Level: First Year Student
    - Areas of Interest: Embedded Systems, VLSI Design, Circuit Architecture
- **Government model Higher Secondary school kozhikode**
    - Class 12th and 11th
    - Acquired an all india Rank of 8780 in jee mains

2. TECHNICAL SKILLS

- **Programming Languages:** Intermediate level C/C++, basic Embedded C, basic level python
- **Hardware & Microcontrollers:** STM32 Nucleo development boards, Arduino UNO R3 16x2 I2C LCD displays, LM35 temperature sensors

3.Projects

- **Custom Flight Stabilization Drone Controller:** Developing a flight stabilization controller from scratch in C, utilizing an STM32 Nucleo microcontroller board and an MPU6050 IMU sensor.

4. CAREER OBJECTIVE

To secure a role as an Embedded Systems Engineer where I can apply my foundational knowledge in bare-metal programming, VLSI design, and microcontroller architecture to build efficient, hardware-level solutions and robust physical systems.

5. INTERNSHIPS

- *(Actively seeking internship opportunities in Embedded Systems and Hardware Engineering)*
